MORE RIOTS.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the Liver or Kidneys as Electric Bitters. It's a wonderful tonic, and effective nerve and the greatest all around medicine for run-down systems. It dispels Nervousness, Rheumatism and Neuralgia and expels Malaria germs. Only 50c and satisfaction guaranteed by all druggists.

SPLENDID MEETING CLOSES.

The recent revival meeting held at the Forks (Harmony) Church, on the Lexington pike, by Rev. J. R. Sampey, D. D., and Rev. O. L. Powers, closed Sunday night last. There were seventeen additions by experience and baptism and four by letter. The new converts were baptized on Sunday afternoon. The church was greatly revived and the community aroused and benefited.

THE GREAT BARLOW MINSTRELS.

The popularity of Mr. Ed. C. Hayes, Monologist and principal comedian who will appear at Capital Theatre, Wednesday, September

7 is largely due to his alienation of all attempts to impress his audience with his own importance, and ability, in his efforts to please and allow the genuinely contagious humor of the man to accomplish results, which speak much stronger than all affectedness or tiresome posing of the would-be funny man, and instantaneously meets with the approbation of an audience. There is probably no harder task set a comedian who makes his appearance following a long first part programme including many bright and equally pleasing performers, than that of a monologue and topical song specialty. How puerile and tiresome then the antics of the self-satisfied, "hand-me a bouquet" imitator whose every effort is to convey to his hearers his own idea of his importance rather than the work in hand. Mr. Hayes, forgetting his personality, in the melange, confidences and musical nonsense, makes it apparent that he is there for the purpose of laughter only, to provoke, if possible, a feeling of friendly cheerfulness and interest in the subject in hand, rather than the performer; a success, told by the spontaneous applause which always recalls him, is satisfaction enough that his praises will be sung by others rather than his own words and actions.

IT SAVED HIS LEG.

P. A. Danforth, of LaGrange, Ga., suffered for six months with a frightful running sore on his leg, but writes that Bucklen's Arnica Salve wholly cured it in five days. For Ulcers, Wounds, Piles, it's the best salve in the world. Cure guaranteed. Only 25c. Sold by all druggists.

FIRST REGIMENT BAND MADE THEIR REPUTATION AND CAME HOME.

The First Regiment Band (old Frankfort Cornet Band) which furnished the music for the Madison (Ind.) Chautauqua last week, returned home Friday night. They made a fine reputation as musicians and also as all-around good fellows.

Miss Ora Scottow will re-open her school for shorthand, typewriting, book-keeping, etc., Monday, September 5, 1904. For further information apply at her residence, 309 Steele St. 51-2t.

Dr. Weaver's Syrup and Cerate. Successful treatment for blood and skin diseases.

JOHN ROBINSON'S SHOW

Carries Its Own Electric Plant.

John Robinson's Shows open the circus season here, where the big grounds are in perfect condition for two exhibitions, beginning Saturday, September 3.

The capacity of the big tents are always tested during the Robinson engagement, and if Uncle Henry and Aunt Betsy desire much comfort and more peace of mind, it would be best to allow the children to bring them to the afternoon exhibitions, where the new menagerie can be seen to a much better advantage and more time given to absorb the descriptive knowledge so pleasantly unfolded by the gentlemanly lecturers.

The white city is a beautiful picture on the green, and thousands of sight-seers will take advantage to inspect this monster moving caravan. The horse stables alone are worth visiting to all lovers of the gentle equine, for John Robinson's "horse show" is the talk of all America; then the ponies, they should be seen; also the culinary department, where over six hundred people are served three times daily. The blacksmith shops, the electric light plant and a hundred places will be found of interest.

Only work of an absolutely necessary character is done on Sundays. If the weather is fine and the water is not too cold, the elephants will be given a bath in the river near the grounds.

Every one will see the vast improvement and enlargement of this, the oldest and best of all the largest tented aggregations.

Each department is so completely filled with foreign and American features as is capable of being transported and handled in a satisfactory manner.

The new menagerie is a vast collection of the earth's most interesting and marvelous wonders.

New cages, rolling stock equipment, all bright in gold and silver, will be seen for the first time after a full winter's embellishment by scores of expert artisans.

Many new and novel acts will attract attention in the big tent, where hundreds of skilled performers will vie in friendly contests for supremacy.

The children will be delighted with the miniature menagerie, with boy trainers, drivers and care takers.

The entire institution is so complete in its immensity only a generalization can be mentioned here-with.

Nor has the circus department been neglected, for more special feature acts will be offered than ever before, enlivened with new and amusing antics by over two score of funny clowns.

The big shows will exhibit here Saturday, September 3.

AN OLD SHOEMAKER.

This Man Has Been at It for Twenty-Fight Years.

The accompanying picture is a splendid likeness of Mr. W. L. Douglas, the well-known maker of shoes, who turns out and "sells more \$3.00 and \$5.50 shoes than any other two manufacturers in the United States." His representative, Mr. W. L. Kito, said, was in the city some time since and after looking over the field decided to place the exclusive sale of this line with Mr. I. Davis, the old established St. Clair Street Merchant. The latter has received a large line of these celebrated goods in \$2.50, \$3.00 and \$5.50 makes and shows them in all styles of leather and every last. Mr. Davis would be pleased to show these goods and he feels assured that the W. L. Douglas Shoe for men and boys will give exceptional satisfaction to the wearer.

TIMELY WARNING

About two weeks ago we gave our customers a quiet tip on the Sugar market. We told them that Sugar was going to take a jump in price, and advised heavy purchases. A good many of our patrons took the hint, and are several dollars ahead. Those who have been dealing at our store for any length of time have learned that we know our business, and never make misrepresentations. That's why we have built up such a large business. They have learned that it pays to deal with a reliable house. So here we are with

Another Quiet Tip!

Wheat has been advancing during the last two weeks until it has reached the highest point since the year of 1891. Don't kick, because it is just what the farmer likes to see. After looking over the "Wheat Situation" thoroughly, we find that there is good reason for this sharp advance, and that on account of many damaged crops in the West this advance is very apt to maintain itself. On the strength of the above-mentioned condition, all mills have advanced the price of Flour several times of late, and the end is not yet in sight. We knew it was coming, and bought heavily before the second advance took effect. We, therefore, give you this "timely warning." Come TO-DAY, not to-morrow, and lay in a supply of Flour at the present price. Watch for our weekly ads; it will pay you well. Yours for Cash only,

Mary Noble, a white convict, from Louisville, was tried on a writ de lunatico inquired, before Judge J. H. Polgrove, on Monday, and sent to the Eastern Lunatic Asylum. It appears that the woman had been an inmate of the Central Lunatic Asylum, at Lakeland, before.

She was sentenced for stealing from a church.

Her sentence was commuted in order that she might be sent to the asylum.

DELIGHTFUL AFFAIR.

One of the most delightful social events of the season was the entertainment given by the Steadman town branch of the King's Daughters, on last Saturday night, at the residence of Mr. Ned Church, on the Peak's Mill pike. It was a veritable bon-bon of social sweets.

The night was all that could be desired—refreshing, and balmy—and the soft rays of the full moon lighted the path of the visitors from Frankfort, Peak's Mill, the Forks and from the country around. The lovely lawn fronting the house was radiant with Chinese lanterns, whose golden light rested upon the festive scene as a welcome benison. Tables were spread over the grass and under the overhanging boughs of the ancient oaks, and delicate ices were served by charming young ladies, whose smiles and silvery voices added zest to the feast.

From parlor and porch strains of music floated out over the busy throng of assembled guests and freighted the hours that swiftly sped on to the parting of night. The charming hostess not only

proved herself a most capable charge d'affaires, but a most agreeable entertainer.

A pleasing feature was the lawn post-office, presided over by a bewitching daisnel, and from which emanated a shower of letters addressed to surprised and perplexed but naughty husbands, and to love-stricken swains.

The attendance was unusually large, the enjoyment supreme and a handsome sum was realized for the Hospital.

CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those that use German Syrup. Trial bottle, 25c; regular size, 75c. At all druggists. 1 vt.

OFF FOR ST. LOUIS.

The First Regiment (Frankfort) Band left Thursday for St. Louis, Mo., where they will furnish the music for the Third Regiment Kentucky National Guards, which has gone into camp at the World's Fair grounds.

This band will remain the whole time covered by the service of the Second and Third Regiments—about twenty days.

The boys make fine music and deserve this honor.

"DO IT TO-DAY."

The time - worn injunction, "Never put off 'till to-morrow what you can do to-day," is now generally presented in this form: "Do it to-day!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it to-day—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists. 1 vt.

MUCH ADO ABOUT NOTHING.

The Louisville and Lexington papers are making a great ado and fuss and unduly exciting themselves over the location of the new Capitol building. We thought, and still think, the Legislature settled that matter when it adopted the amendment of Judge Guffy requiring the new building to be erected on the present site.

Whatever we may have thought about their judgment at that time, matters not now. The die was cast then.

It may as well be understood now, as at any other time, that there will be no extra session of the Legislature to reconsider that action.

The grafters and those having ulterior designs in this matter, might as well yield gracefully, they will have to yield any way.

So we close this squib with the remark with which it commenced, "Much Ado About Nothing."

CIRCUIT COURT TO CONVENE.

On Monday, September 12th, the fall term of Circuit Court will convene. There will be a very heavy docket of civil cases, but very few criminal cases, and the continuances from other terms.

Clerk Ben. Marshall and his deputies are hard at work getting matters in shape.

There will probably be quite a number of cases submitted to the grand jury. So far as now appears Judge Cantrell will not be able to sit and it will be necessary for a special judge to be elected.

COURT OF APPEALS TO RE-CONVENE.

On Tuesday, September 20, the Court of Appeals will meet for the fall term. There will be quite a large docket for this term, much larger than for several terms. The records have been rolling in to the clerk's office, at a lively rate.

Clerk J. Morgan Chinn and his deputies have been kept quite busy lately docketing the cases. The printed dockets will soon be issued.

This will be Chief Justice A. R. Burnam's last term on that bench.

COLLECTION INTERNAL REVENUE TAXES.

Deputy Collector Grant L. Roberts collected the following internal revenue taxes for the month of August: 1,463 barrels; 57,776 2-10 tax gallons; amount of tax \$63,558.82. This is the smallest amount collected by Mr. Roberts since he assumed the duties of the position.

The outlook for September, however, is considerably better, as the withdrawals grew much heavier towards the last of the month.

COUNTY COURT ON MONDAY.

Monday next will be county court day, and there will doubtless be a big crowd in the city, though not as large as there would have been had not the circus exhibited to-day. There will be lots of fellows who will spend their last nickel to see the circus to-day, and will have to wait awhile before coming to town again.

TREMENDOUS PEARS.

Our old friend, Mr. Joe Tracey, of Pea Ridge, sent us, on Wednesday, a specimen of the finest pears we have seen this season. Two of them weighed one and a half pounds. They were magnificent articles.

Excess

Of Smoking Affected
My Heart

So I Had To Sit Up
To Breathe.

Dr. Miles' Heart Cure
Cured Me.

There is nothing that has a more deleterious effect upon the cardiac or heart nerves than the excessive use of tobacco. Pain and tenderness around the heart, an oppressive feeling in the chest, choking sensation in the throat, discomfort from sleeping on the left side and smothering spells at night when the sufferer has to sit up in bed to breathe are the most common symptoms of a weak heart. Smokers who feel these symptoms and who do not understand their meaning should be warned in time, by the following experience:

"I was greatly troubled with an affection of the heart, due I think to excessive smoking. On writing to you for advice I was directed to begin a course of treatment which included Dr. Miles' Heart Cure, Dr. Miles' Nerve and Liver Pills, together with bathing, etc. I faithfully followed the directions given and am pleased to say that my cure is complete and permanent. Before beginning the use of your remedies I was so nervous I could not keep my hands still and suffered greatly from severe pain around the heart. Many times at night I would be forced to assume a sitting posture to get my breath, and for the time being it would seem as though my heart had stopped beating. From the splendid results achieved in my case I can cheerfully recommend Dr. Miles' Heart Cure, Restorative Nerve and other remedies to all sufferers from heart or nervous troubles."—Yours truly, ELIJAH HALL, Dothan, Ala.

A PICTURESCQUE ARMY.

The American Sunday School Union recently completed its eightieth year's work for the neglected children of our country, and is furnishing the press with some interesting facts. Being an undenominational work, helpful to the churches in every State, its success will give wide spread satisfaction.

If we could take all the scholars and teachers who were enrolled in the schools organized by The American Sunday-school Union last year, and from them into a column, standing five abreast in ranks, allowing 3 feet to each rank, in good marching order; we would have a picturesque Sunday-school army arrayed in solid phalanx more than eleven miles long.

If we were strong enough to walk eleven miles along this vast host, we would be surprised to see so many bare-foot boys, girls with calico dresses and sunbonnets. While plainly clad, most of them have intelligent faces. We would observe they had been supplied with good literature. More than 27,000 Bibles and Testaments might be counted in their hands, also about the same number of song and library books, and many thousand lesson papers.

To review this great Sunday-school army, 57,800 strong, which the American Sunday School Union recruited, organized and equipped all in one year, would be an impressive sight. Many decisive battles of the world's history have been gained by a force not so large. To hear this army of children sing, would be inspiring and cheering.

Conversions.

If we should take those who were converted in the Sunday-schools organized by the Society, and stand them side by side, in single file, allowing 2 feet to each, this line of young converts would reach nearly four miles.

A Mile of Churches.

The American Sunday-school Union has been called the pioneer and recruiting agency for the churches. If we could take all the churches which grew out of Union Bible Schools last year, and stand them end to end, allowing 40 feet to each, we would have the imposing sight of a line of churches reaching one mile.

Many of them are neat and tasty, some very plain. Among these 123 new churches may be found many representatives of the various denominations.

Other Views.

Imposing as the foregoing columns are, other features of the Union's work are equally as impressive. If we should take all the schools which the Society strengthened during the year, and place them side by side, allowing 30 feet to each, we would have a solid line of Sunday-schools seventy-two miles long.

The multitudes who attended the

450 public addresses delivered each week by missionaries of the Society, and the young people in Union schools who resolved to seek a higher education, would also be an interesting sight.

The men who did this wonderful work, would form an interesting procession. The 250 faithful missionaries employed by the Society, some in their little wagons, some on horseback, others on foot, all enduring hardness, to evangelize the destitute.

880 Miles of Homes.

During the year, missionaries of the Union visited thousands of homes, many of whom have rarely, if ever, been entered by a Christian minister. By words of admonition and circulating good literature secured the hearty co-operation of many parents in the good work. If we could take these 221,500 homes visited by the missionaries, and place them side by side, allowing 20 feet to each house, we would have a line of homes 880 miles long, extending over hill and valley, further than from Philadelphia, Pa., to Louisville, Ky.

Sallient Points.

1. Vast as this labor was, it should not be regarded as something new or unusual, for the Society is doing substantially as much, year after year, as there are yet about 12,000,000 children and youth in our country who have not been enrolled in any Sunday-school; a number larger than all the standing armies of Europe combined, we can readily see how greatly this work should be enlarged.

2. Many communities where these schools were organized, will not be able to support churches for years to come. This is all the greater reason, why they should now have good Sunday-schools.

3. In perfect loyalty to the churches, the Society provides for the children who are not reached by any other agency. Nothing has been found which takes the place of Bible instruction, for establishing noble principles in the minds of the young and uplifting the true standard of morals.

The American Sunday School Union desires to furnish full particulars regarding the method, expense and results of its work.

WHEN DOCTORS AGREE.

The Society of Chemical Industry, composed of the leading chemists of England and America, on August 18th, selected "Old Taylor" bottled in bond as the only American whisky to be taken on board the special train which is to carry the members of the society on a tour of the country, starting from New York City, Sept. 12th, taking in Philadelphia, Pittsburg, St. Louis, Chicago, Detroit, Buffalo and ending up at Boston, on Sept. 29th.

E. H. Taylor, Jr. & Sons last year sent samples of "Old Taylor" bottled in bond to the State chemists of the various States for analysis. The result was that the purity of this brand has been scientifically tested and attested by chemists on both sides of the water. Among the members of the Society are: E. J. Lederle, ex-President of the New York Board of Health; Dr. H. W. Wiley and Dr. G. B. Wagner, of Chicago. Sir William Ramsey, of London, England, is President of the Society.—Indianapolis Bottle and Barrels, August 25th.

REST MADE EASY.

There Will be Less Sleeplessness When Frankfort People Learn This.

Can't rest at night with a bad back. A lame, a weak or an aching one. Doan's Kidney Pills are for bad backs.

They cure every form of kidney ills. From common backache down to diabetes.

They are endorsed by Frankfort people. Mrs. Margaret Weitzel, of 318 Mero street, wife of Lucas Weitzel, baker by trade, now retired, says: "For a number of years, I suffered from a persistent aching across the small of my back and through the kid-neys. At times my back was so bad that I could hardly sit still, get up or down, or lift anything, even of ordinary weight. At night it both-ered me so that I could not rest comfortably, and when I first arose in the morning, I felt tired and worn out, the kidney's secretions were irregular, highly colored and distressing, and on standing de-positied a heavy sediment. I saw Doan's Kidney Pills advertised, procured a box at J. W. Gayle's drug store and began to use them. In a few days noticed that the se-cretions had assumed a natural ap-pearance, the pains and aches left me and I felt as well as ever after completing the treatment. Nothing pleases me more than to speak a word in favor of Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffa-lo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

SUMMER COMPLAINT

Is not always brought about by change of air and water. THE BARLOW MINSTRELS.

Lovers of true "Musical Min-strelsy," wherein the solo and en-semble singing of the male voice has received the closest and most painstaking effort, the selection of each and every number from the latest and best of the song writers repertoires, and the production of the whole a series of constant re-hearsal and thought, will be more than pleased with the voices among the "Great Barlow Minstrels" who appear at Capital Theatre on Wed-nesday, September 7. New voices this season are George Lynne, a basso, possessing a rich, full musical voice from the ranks of opera; Mr. William J. McQuinn, robust Canadian baritone, whose martial selection of songs stir every listen-er like the beat of the drum; Geo. W. Pearce, an English counter tenor Moore & Burgess Minstrels, Lon-don, England, possessing a rich tenor of high range and sweetness, and Bobby Jarvis, a boy soprano, whose flute-like tones entrance every hearer. Others of the old fa-vorites are Jos. McAnallan, the Irish tenor, whose rendition last season of "Why Did They Sell Kil-larney" won him a host of friends; Lew Davenport, a robust high bar-ritone, very successful in the latest sentimental hit The Robin's Sweet Song Reminds Me of You; Joe Brown, tenor; Arthur Balliett, tenor, and Mr. D. Gray Campbell, a basso of great range and volume. That an enjoyable and satisfactory evenings entertainment is in store for all who hear these singers is positive from the fact that Manager Coburn states clearly "The finest singing party I ever had," and from his past efforts and reputation among Frankfort theatre-goers, that promise will be verified.

OPEN LETTER TO THE AUDITOR OF PUBLIC ACCOUNTS.

Dear Sir:

As I have noticed where you have an opinion from the Attorney General that Life Insurance policies are to be taxed by the State, and as a natural consequence by the counties, cities and school districts, I am inclined to join with you in your unsatisfied and unsatisfiable appetite for more taxes, and to act as an unofficial Auditor's Agent to uncover hidden wealth for you.

I know of a man in this county that has a wife and two children that he values at one million dollars. This fact can be proved by a dozen people who have heard him say he "would not take a million dollars for his wife and two boys." Surely this amount of valuable property should not escape taxation. Again: I know of a farmer near this city that has five sows that he expects to give birth to ten pigs each in a few months. At the least calculation these pigs will be worth two dollars each, so you can readily see there is \$200 that is likely to escape the gentle and benevolent taxation. I was just thinking also of the injustice done the taxpayer by some of our estate feeders. We have quite a number in this section who are feeding corn and grass to cattle that cost about \$35 per head last fall, and they are calculating on selling these same cattle this fall at as much as \$72 per head. Is it not an outrage that the State, county, and school districts are being thus swindled out of taxes?

G. R. KELLER, P. S.—I forgot to suggest that in case you find some policies that have no cash surrender or paid up value you should not forget that the old policies and receipts can be sold for something to the old paper

dealers. Don't overlook this item. G. R. K. &

These lectures have been delivered to large and appreciative audiences all over the country. They have elicited enthusiastic praise everywhere.

MODERN ART'S MYSTERY.

A Famous Painting—Beginning with Tuesday afternoon and continuing for the balance of the week, we will show in our store one of the most pleasing, as well as the most wonderful paintings of modern art. The famous painting by "Zanba" is a miraculous illusion, adequate description of which is absolutely impossible.
 Two women are painted on the same canvas. One at first sight

sees a gorgeously robed Parisienne gowned for the opera. Before your very eyes her wraps are wafted from her as the wind might carry away the mists, and another, a different woman in filthy negligee, stands in her place.

We have secured this mystery in modern art through the courtesy of Weingarten Bros., makers of the famous W. B. Corsets. Thousands have seen this marvel in the large cities throughout the country and it was a rare good fortune that enabled us to secure it for a week in Buffalo. The picture will be shown in one of the big show windows of C. Kagin & Bro., beginning Saturday night, September 10.

A POWER FOR GOOD.

The pills that are potent in their action and pleasant in effect are DeWitt's Little Early Risers. W. S. Philpot, of Albany, Ga., says: "During a bilious attack I took one. Shall as it was it did me more good than calomel, blue mass or any other pill I ever took and at the same time the effect was pleasant. Little Early Risers are certainly an ideal pill." Sold by J. W. Gayle.

GOOD SPIRITS.

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At all druggists. 1yr.

If you want Shingles see Hammond & Co. 50-1m.

The State College of Kentucky

LEXINGTON, KY.

The Agricultural and Mechanical (State College) of Kentucky offers the following courses of study, viz: Agricultural, horticultural, chemical, biological, mathematical, physical, normal school, classical, mechanical engineering, electrical engineering, civil engineering, each of which extends over four years and leads to a degree. Post graduate studies are also provided, leading to a master's degree. Each course of study is organized under a separate faculty. The general faculty numbers nearly fifty professors and instructors.

County appointees receive tuition, room rent in dormitories, fuel and light, and if they remain ten months, travel and expenses.

The laboratories and museums are large, well equipped, comprehensive and modern.

The legislature appropriated \$100,000 for a college home for young women and \$200,000 for drill hall and gymnasium for men. Both buildings are completed and in use. Military tactics and science are fully provided for as required by congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is large in excess of the ability of the college to supply. Last year the matriculation was 750.

Specialists with the necessary number of assistants have charge of each department of natural science. Summer schools are provided for pedagogy, engineering and instruction in science.

The State College of Kentucky, though bearing hitherto the title of "college," is the only institution in the Commonwealth doing in any proper sense, university work.

The completion of the college home for young women provides facilities for good boarding and lodging. It is equipped with all modern conveniences including bath rooms and room for physical culture. It is heated by steam and lighted by electricity.

An opportunity is thus afforded to them of a thorough education in classics, modern languages, literature, science, mathematics, logic, metaphysics, history and political economy. No other institution in the State offers advantages for education of women at all comparable to those offered by the State College of Kentucky.
